RE: Telephone Conference concerning ConAgra Foods Lamb Weston, Inc. new Tier II Operating Permit and Permit to Construct

On August 14, 2007, there was a telephone conference with Tracy Drouin, Air Quality Permitting Analyst with the IDEQ in Boise, Idaho; Rick Elkins, Air Quality Analyst with IDEQ in Pocatello, Idaho; Frank Jones, Air Permitting Consultant with LPG in Portland, Oregon; and myself – Bob Bloom, with ConAgra Foods Lamb Weston, Inc. in American Falls, Idaho.

The purpose of this telephone conference was to review the new Tier II Air Operating Permit prior to the required public comment period.

The following items were noted:

1. We have changed our name from ConAgra Foods Packaged Foods Company, Inc. dba Lamb Weston to **ConAgra Foods Lamb Weston, Inc.**
2. On the first page of the permit, item 8 “The permit to construct conditions in this permit will expire if construction has not begun within two years of its issue date or if construction is suspended for one year.” Please change this sentence to read “The permit to construct conditions in this permit **may** expire if construction has not begun within two years of its issue date or if construction is suspended for one year.”
3. Section 4. Monitoring and record keeping, 4.12 Air Pollution Control Equipment. The air pressure drop across the air pollution control device, and the scrubbing media flow rate to the air pollution device should be recorded **weekly** instead of daily.
4. Section 6 Operating Requirements, 6.8 Operation Parameters Monitor. The permittee shall record the parameters required in **Permit Conditions 6.7** (instead of 6.6).

Page 2

5. Section 7 Performance Test 7.10 PM_{10} Performance Test. The performance test should be done on **Line 1 fryer**, not Line 5 fryers.

Tracy, thank you for your hard work on this permit and for incorporating all the changes we had from the last permit.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert Bloom". The signature is fluid and cursive, with the first name "Robert" and last name "Bloom" clearly distinguishable.

Robert Bloom
Services Manager
ConAgra Foods Lamb Weston, Inc.
